MEMORANDUM FOR: Chief, Foreign Documents Division/00

SUBJECT: Translations Procured in Foreign Countries
with Public Law 480 Funds

REFERENCE: Your memo, same subject,
dated 30 September 1958

As the coordinating office for National Intelligence Survey production, the Office of Basic Intelligence has only an indirect interest in document abstracting and translation, unlike offices such as ORR with primary research and production responsibilities. This being so, OBI has no estimate of requirements for translation or abstracting of books or periodicals in FY 1960 in connection with Public Law 480 funds.
